QUARTERLY CONNECT

Quarter 1 | FY 2026–27

April-June 26

"A new financial year, new beginnings, new milestones..."

Looking Back....

☀️ *Staying Connected...*

"What began as an idea has become a tradition—bringing our people, stories, and successes together, one quarter at a time every quarter."

Looking back over the past year, *Quarterly Connect* has grown into much more than a newsletter—it has become a platform for celebrating our people, preserving our memories, and strengthening the bonds that unite the LMA family.

A year ago, this newsletter began as a simple initiative to bridge distances across our offices and strengthen the bond among colleagues. What started as an idea has now evolved into a cherished tradition, capturing our collective journey, celebrating achievements, and preserving memories that define our culture. Looking back, we are proud of how QC has grown into a reflection of the vibrant spirit, collaboration, and camaraderie that unite our teams across Delhi, Mumbai, Kolkata, Bangalore, and Bhubaneswar.

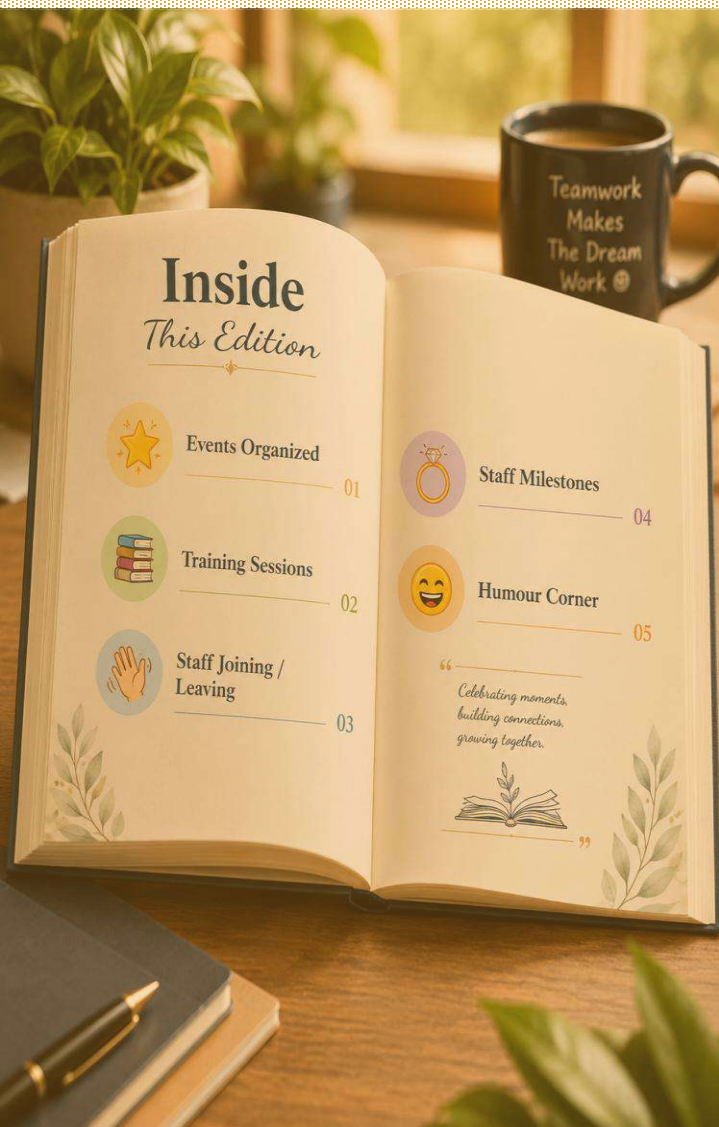

The Journey continues....

☀️ *Staying Connected...*

The first quarter of the new financial year brought with it fresh beginnings, new colleagues, valuable learning opportunities, and memorable team interactions. From the Orientation Program that welcomed our newest members, to celebrations, team bonding sessions, and milestones across offices, every moment reaffirmed our belief that our greatest strength lies in our people.

As we step into another exciting year, we remain committed to fostering connections, celebrating successes, and creating meaningful memories—one quarter at a time. Here's to another year of learning, collaboration, and collective growth. 🚀 ✨

"One year of stories. Countless memories. Endless connections." 🤝 ✨

As we turn the page to another exciting quarter, this edition brings together moments that made the past three months memorable. From welcoming new colleagues and investing in learning to celebrating birthdays and strengthening team bonds, every page reflects the vibrant culture that makes LMA a great place to grow and work together.

A Glimpse into the Buzz across our Offices!!!

Here's a quick tour of the exciting moments that brought our teams together this quarter:

1. 🎓 Campus Connections: A successful Placement Drive at Birla Global University (BGU), Bhubaneswar — scouting fresh talent and building future-ready teams! (April 26)
2. 🌐 FIFA World Cup 2026 Prediction Contest: Football fever united the LMA family as colleagues put their predictions to the test in an exciting FIFA World Cup 2026 contest!" (In progress)
3. 🎂 Birthday Cheers: Heartfelt birthday celebrations lit up offices across locations — because every team member deserves a moment in the spotlight! (over the quarter)

As part of our continued commitment to nurturing future professionals, LMA conducted a successful Campus Placement Drive at Birla Global University (BGU), Bhubaneswar. The recruitment process began with an initial round of interviews conducted virtually through Google Meet, enabling us to interact with a pool of talented and aspiring candidates during the last week of March 26.

Shortlisted candidates were then invited for the final round of interviews at Ms. Shipra Mishra's Office, where they had the opportunity to engage directly with our leadership team. Following a comprehensive evaluation, we were delighted to extend an offer to Mr. Akhil Patro, whom we warmly welcome to the LMA family.

The initiative reflects LMA's commitment to identifying promising young talent and investing in the next generation of professionals. We look forward to increasing our partnership with BGU and recruiting more professionals from this esteemed organization in the years to come

 FIFA World Cup
2026 Prediction
Contest

Predictions, passion, and plenty of football excitement—LMA-ITES came together to celebrate the world's biggest sporting spectacle.

As the **FIFA World Cup 2026** kicked off in June, LMA once again brought colleagues together through the "**LMA Predict the FIFA World Cup 2026 Champion Contest.**" Following the tremendous success of previous prediction challenges, the contest invited team members across all offices to test their football knowledge while adding a fun and competitive twist to the tournament. Kudos to Akshay Naik LMA –Mumbai for this initiative!!

With the tournament introducing a historic **48-team format, 104 matches,** and a brand-new Round of 32, participants faced an exciting challenge. The contest is planned in **two stages**—the first required participants to predict the top two teams from each group, identify the eight best third-placed teams advancing to the knockout stage, and nominate standout individual performers. Once the thrilling group stage concluded, the leaderboard was shared, and the second phase invited participants to predict the knockout rounds all the way to the grand finale.

The group stage lived up to expectations, delivering dramatic finishes, surprise results, and memorable performances that kept football fans glued to every match. The contest sparked lively discussions across LMA offices, with colleagues passionately debating favourites, celebrating underdog stories, and tracking their positions on the leaderboard. More than just a prediction challenge, the initiative strengthened camaraderie, encouraged friendly competition, and once again showcased the vibrant and engaging culture of the LMA family. As the tournament heads into its knockout phase, with **Mr. Nilesh Shah (Mumbai)** currently leading the leaderboard, the race to crown the **LMA Football Predictor 2026** promises to be just as exciting as the World Cup itself! 🏆 ⚽

- 📅 **Launch:** June 2026
- ⚽ **Tournament:** 48 Teams • 104 Matches
- 🌐 **Hosts:** Canada • Mexico • USA
- 🎯 **Contest Format:** Two-Stage Prediction Challenge

Every great team shares not just work, but smiles too. Here's a little something to make you grin! ✨

1. Corporate rule #1: If you're on mute, you'll speak for two minutes before realizing it.
2. Nothing unites a team more than the sentence, "Client has scheduled a call in 10 minutes."
3. Every email starts with "Just a small request" and ends with my entire afternoon gone.
4. **Client:** "Just one last change." **Employee:** "Version 18 has entered the chat."
5. **HR:** "We're like a family here." **Employee:** "Then why do I need approval for leave?"
6. "Please find attached." Attachment: Missing. A timeless corporate tradition.
